

VME VALVES

“Partnering With Innovation & Perfection”

Energy & Process Valves Product Overview

VME Valves Factory LLC

Oil & Gas | Petrochemical | Power | Desalination

“Industrial Valves manufacturer in UAE for Middle East customers”

Your Local Manufacturer With a....

Commitment to provide high quality and cost-effective products along with best suitable engineering solutions & support to help our customers achieve their operational efficiency.

Floating Ball Valves

A compromise range of two and three piece ball valves to use in chemical, hydrocarbon and process industry application.

- Reduced & full bore
- High integrity stem seal
- Blow out prof & anti static stem
- Soft and Metal Seated

Size: 2" to 10"

Class: 150 & 300

End Con: Flanged/Welded/
Threaded

Standard: API 608

Face to Face: ASME B16.10

Testing Std: API 598

Trunnion Mounted Ball Valves

Two piece (Cast) and Three Piece (Forged) side entry soft seated Ball Valves with tight shutoff of liquid and gas services

- Reduced & full bore
- Fire safe approved
- Design to API 6D, ASME B16.34
- Blow out prof & anti static stem
- High integrity stem seal

Size: 2" to 48"

Class : 150, 300, 600 & 900

End Con: Flanged/Welded

Standard: API 6D

Face to Face: ASME B16.10

Testing Std: API 598 & API 6D

Double Block & Bleed Ball Valves

Extensive range of Double Block & Bleed compact manifold valves to provides positive shut-off of for fluids and gases under extreme service conditions

- Reliable shut off
- Double body gasket
- Blow out prof & anti static stem
- Fire safe design
- Design to API 6D

Size: 2" to 12"

Class : 150, 300, 600 & 900

End Con: Flanged/Welded

Standard: API 6D

Fire Safe: API 6FA

Testing Std: API 598 & API 6D

Our high-calibre design team brings in a rich and diversified industry experience, by which we help our customers to meet their industry / application needs precisely

*State-of-art manufacturing facility located in
KEZAD, Abu Dhabi, UAE*

Within our facility, all disciplines are integrated into one flexible R&D, engineering and production unit. Quality, reliability, performance and timely deliveries are always our main priority to provide our best services for our customers.

**Concentric
Butterfly Valves**

Resilient seated butterfly valves for isolation duty of a variety of process fluids

- Polished edge disc ensures Bi-directional tight shut-off
- Seat and disc are only parts exposed to media
- Compact design low weight
- Bonded and replaceable seat
- Flange face seal provides a tight seal eliminating additional gaskets

Size: 2" to 100"
Class: 150 & 300
End Con: Flanged/Lugged/ Wafer
Standard: API 609
Testing Std: API 598

**Triple Offset
Butterfly Valves**

Triple offset butterfly valves are maintenance free with tightness, operability and torque demand for critical service

- Bi-directional, zero leakage in extreme pressure and temperature
- Inherently fire safe with all metal construction
- Blow out proof stem,
- Hard face metal seating

Size: 2" to 80"
Class : 150, 300 & 600
End Con: Flanged/Lugged
Standard: API 609
Fire Safe: API 607
Testing Std: API 598

**Gate Globe & Check
Valves**

Gate, globe and check valves, dual plate & axial flow check valves suitable for industrial and process application

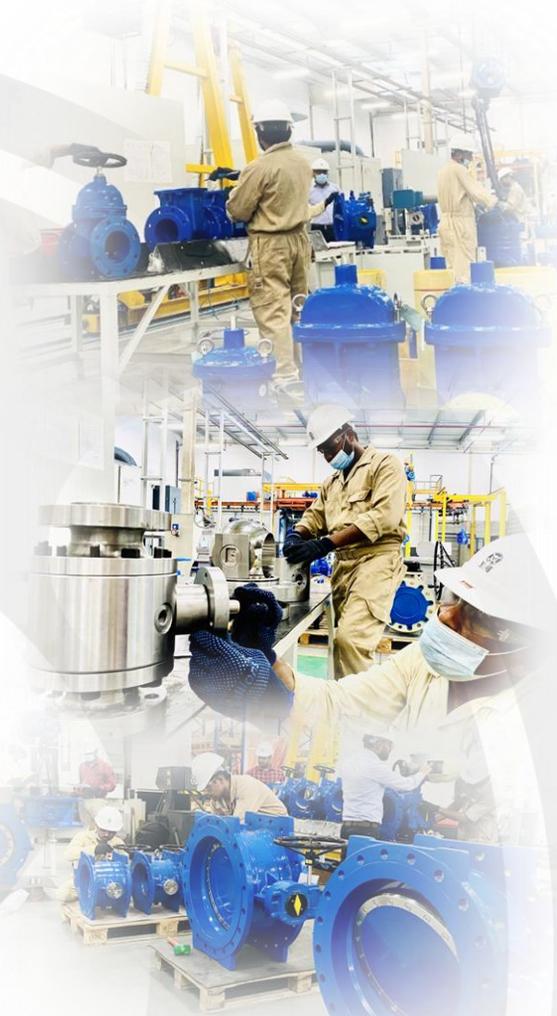

- OS&Y design, Bolted bonnet and universal trims
- Hardened seat providing long service life
- Graphite packing rings for effective sealing

Size: 2" to 36"
Class : 150, 300, 600 & 900
End Con: Flanged/Welded/ RTJ
Standard: Gate API600 /Globe BS1873/ Check:BS1868
Dual Plate Check:API594
Testing Std: API 598

Our high-calibre design team brings in a rich and diversified industry experience, by which we help our customers to meet their industry / application needs precisely

Our Approvals / Clients :

- Abu Dhabi National Oil Company (ADNOC)
- Emirates Global Aluminium (EGA)
- Abu Dhabi National Energy CO. PJSC (TAQA)
- Sharjah Municipality (SMDD)
- Dubai Electricity and Water Authority (DEWA)
- Abu Dhabi Transmission and Despatch Co. (TRANSCO)
- Ministry of Infrastructure Development (MOID)
- Abu Dhabi Distribution Company (ADDC)
- Al Ain Distribution Company (AADC)
- Abu Dhabi Sewerage Services Company (ADSSC)
- Al Ain Municipality (AAM)
- Dubai Municipality (DM)
- Mirfa Power Company
- Abu Dhabi Municipality (ADM)
- Abu Dhabi Ports Company (ADPC)
- Etihad Water & Electricity (EWA)
- Emirates District Cooling (EMICOOL)
- National Central Cooling Company (TABREED)
- Sharjah Electricity & Water Authority (SEWA)
- Bunduq Company LTD. (BUNDUQ)
